

BATTLE
BETWEEN
GODLY AND
SATANIC
ALTARS

Preface:

Altars have been a part of human spiritual practices since ancient times. They are places where people offer sacrifices, make petitions, and seek guidance from the divine. Altars can be found in almost every religion and culture, and they come in different shapes and sizes. Some are grandiose and ornate, while others are simple and humble.

However, not all altars are created equal. Some are dedicated to God and are used for worship and prayer, while others are dedicated to the devil and are used for evil purposes. These are known as godly and satanic altars, respectively.

The battle between godly and satanic altars is a spiritual warfare that has been raging since the beginning of time. It is a battle for the souls of men and women, a battle for the

destiny of nations, and a battle for the future of humanity.

In this book, we will explore the nature of godly and satanic altars, their characteristics, and their effects on the lives of people. We will also examine the strategies and tactics of the devil in his attempt to establish satanic altars in the hearts of men and women, and how we can overcome them.

This book is not for the faint-hearted. It is for those who are serious about their spiritual growth and are willing to engage in the battle between good and evil. It is for those who want to understand the nature of the spiritual realm and the forces that operate in it.

May this book be a guide and a source of inspiration for all those who seek to establish godly altars in their lives and overcome the influence of satanic altars. May it empower you to take your place in the spiritual battle and emerge victorious in the end.

Introduction:

In the world today, it is evident that we are living in a spiritual battlefield. There is a constant battle between the forces of light and the forces of darkness. This unseen war is manifest in every sphere of human affairs, and altars have become the battleground.

Altars are places of spiritual sacrifice. They are constructions or structures set up to facilitate communication with the spiritual realm. Altars can be built to honor God or represent the forces of darkness, and the power they generate comes from the spiritual entities they are erected to represent.

There is a raging battle between godly and satanic altars in the world today. In this book, we will explore this battle and discover how to win spiritual victories through altar building and spiritual warfare. We will address questions such as:

- What are altars, and how do they operate?
- What are the functions of godly and Satanic altars?
- How do we identify and dismantle satanic altars in our lives and communities?
- What are the benefits of erecting godly altars in our lives?

This book is a call to all believers to take up their spiritual swords and engage in this battle. It is a book of instruction and inspiration that will equip readers with the supernatural knowledge needed to defeat the enemy as they understand the power of altars, learn how to build spiritual structures that honor God, and employ spiritual warfare tactics that result in resounding victories.

As we embark on this journey, may we understand the power of altars and how to use them for the glory of God. We hope that this book serves as a compass for every believer who desires to live a victorious Christian life in spite of the challenges of our modern-day world.

Chapter 1:

Understanding Altars

Altars are an integral part of human spiritual practices. They have been used for centuries by different cultures and religions to offer sacrifices, make petitions, and seek guidance from the divine. Altars come in different shapes and sizes, and they can be found in homes, churches, temples, and other sacred places. But what exactly are altars, and how do they operate? In this chapter, we will explore the nature of altars, their functions, and their significance in religious and spiritual practices.

What are Altars?
