## **Dedication**

"Dedicated to those who have ventured deeper into the realms of spiritual vision. May your continued journey in seership be enriched with profound insights and heightened perception. May you find inspiration and divine guidance as you explore the mysteries of the unseen world."

---

## Preface

The journey towards spiritual enlightenment is one that requires continuous growth, understanding, and connection with the divine. As believers in Christ, we have been blessed with the ability to tap into the spiritual realm and gain deeper insights through the gift of prophecy and seership.

This ***Level 2 Christian Seers Training Manual*** serves as a guide for those who have already embarked on their journey towards becoming a powerful seer in the Kingdom of God. It builds upon the foundational principles covered in the Level 1 Training Manual and delves into more advanced techniques and strategies to enhance your prophetic abilities.

Within the pages of this manual, you will find teachings and exercises designed to help you sharpen your prophetic gifts, develop a deeper understanding of spiritual

---

discernment, and expand your ability to interpret spiritual visions. These teachings are not meant to replace or overshadow the importance of personal prayer and seeking God's guidance, but rather to complement and assist you in your spiritual growth.

Throughout history, seers have played a crucial role in the Christian faith, serving as conduits for divine messages and providing guidance to believers in times of uncertainty. By investing time and effort into your seership training, you are positioning yourself to become a vessel through which God can speak and touch the lives of others.

It is imperative to approach this training with humility, submitting yourself to the guidance of the Holy Spirit, and remaining rooted in the foundational truths of scripture. Remember, the gift of prophecy is not about elevating ourselves but about serving others and bringing glory to God.

As you embark on this Level 2 training, I encourage you to set aside uninterrupted time for study, prayer, and reflection. Each chapter has been carefully designed to build

---

upon one another, allowing you to progressively deepen your understanding and practice of Christian seership.

Finally, I urge you to maintain a teachable spirit throughout this training. Seek accountability from trusted mentors and fellow believers as you navigate the complexities of the spiritual realm. Remember that being a seer is a journey of lifelong learning and growth.

May your journey as a Level 2 Christian seer be filled with divine revelations, spiritual growth, and a deepening connection with the King of Kings. May your seership be a beacon of light in a world craving divine intervention.

In His service,

**[Prophet PD John]**

## Introduction

**W**elcome to the **Level 2 Seer Training Manual!** This comprehensive resource is designed to take you further on your journey as a Christian seer, expanding your understanding and sharpening your prophetic and seer gifts. Building upon the foundational teachings of Level 1, this manual delves deeper into the realms of prophetic vision, spiritual discernment, and supernatural encounters.

As seers, we are called to be vessels through which God can speak and reveal His plans and purposes. Throughout the Bible, we see numerous examples of seers who played integral roles in God's redemptive plan. One such example is Samuel, who received divine messages and provided guidance to the people of Israel. In **1 Samuel 9:9, it states, "Formerly in Israel, if someone went to inquire of God, they would say, 'Come, let us go to the seer,' because the prophet of today used to be called a seer."**

---

In the New Testament, we see the apostle Paul affirming the importance of the prophetic gift in the church. In **1Corinthians 14:1**, he urges believers to eagerly desire spiritual gifts, especially the gift of prophecy. He understood the significance of prophecy in edifying and encouraging the body of Christ.

It is our belief that every believer has the potential to operate in the prophetic and seer gifting, as it is a manifestation of the Holy Spirit's power within us. God desires to communicate with His children and reveal His will and plans for their lives. This manual aims to provide the necessary tools and insights to further develop and hone these gifts.

In Level 2, we will explore advanced teachings and practical exercises that will help you tap into the deeper realms of the spiritual realm. Through biblical references and vivid examples, we will examine topics such as:

1. Increasing sensitivity to the Holy Spirit: We will delve into the importance of

---

cultivating a close relationship with the Holy Spirit, learning to discern His leading and promptings. Drawing inspiration from Jesus' words in **John 10:27, "My sheep listen to my voice; I know them, and they follow me,"** we will explore strategies to attune our spiritual ears to hear God's voice clearly.

2. Interpreting spiritual visions: We will dive deeper into the world of symbolism and dream interpretation, as many spiritual revelations come through dreams and visions. Just like the biblical examples of Joseph and Daniel interpreting dreams, we will learn how to decipher the messages embedded in these supernatural encounters.

3. Discerning the source of supernatural experiences: The spiritual realm is not limited to encounters with God alone. It is essential for seers to develop discernment to differentiate between messages from God, from the enemy, or from our own imagination. We will draw inspiration from **1John 4:1, which reminds us to "test the spirits to see whether they are from God."**

---

4. Operating in greater authority and effectiveness: As seers, it is crucial to understand the authority we possess as children of God. Referencing verses such as ***Luke 10:19, where Jesus says, "I have given you authority to trample on snakes and scorpions and to overcome all the power of the enemy,"*** we will explore practical strategies to walk in this authority and use it to impact our surroundings.

Throughout this manual, you will find biblical references, personal testimonies, and practical exercises to help you internalize and apply the teachings. It is our prayer that through the guidance of the Holy Spirit and the teachings in this manual, you will be equipped to operate in greater authority and effectiveness as a Level 2 Christian seer.

May your journey through this training manual be filled with divine revelations, spiritual growth, and a deeper connection with the King of Kings. As you grow in your seer gifting, may you be a light in a world craving divine intervention.

In His service,

**[Prophet PD John]**
